BRICK HAVE ARRIVED
The brick for finishing the contract of Vastine, Noland & Lowrey on the second street extension have arrived and are being uncrated. The street will be finished next week. The contractors are now laying concrete on Carmel street and have almost completed this work. They will finish their contracts next week. The contractors for the asphalt street have commenced laying concrete on the north side of the car tracks.

REFERENDUM WILL COME LATER
Secretary Thomas P. Boone of the Chamber of Commerce will not begin the referendum on the matter of voting by proxy until after the Tobacco Fair and Corn Show next week in the Liberty Warehouse. Mr. Boone is too busy arranging for the fair to give time to the referendum.

NOVEMBER 24 SET FOR TRIAL
November 24 has been designated by the Court of Appeals as the date for the case of Renaker vs. Commonwealth. Renaker was convicted of arson at the last term of the Mason Circuit Court and was sentenced to two years in the penitentiary. He later appealed his case and the upper court will hand down a decision.

WILL GO TO SARDIS
The members of the Dixie Minstrel, a company of young men of this city, will go to Sardis tonight and will give their show in that place. The minstrel has now visited several of the surrounding towns and have been very successful in their entertainments.

Mr. and Mrs. Charles Bartlett and family have removed from Foxport, Fleming county, to this city.

FREE MOVIES; FREE MONEY
Plans Have Been Worked Out To Provide Readers Valuable Stamps For Nothing—Just Clip Coupons.
Are you a movie fan? Do you take to the movies? You do? Of course you do:
Then—
Listen:
You can attend the movies free; You won't have to spend a cent; not only on one day, but any day—when ever and wherever you wish, for the Ledger has worked out a plan whereby the picture houses of Maysville will open its doors to you.
Coupons clipped from the Ledger will admit you. All you have to do is to clip the coupons, exchange them for trading stamps and take the kids to the movies; Easy, isn't it?
And here's how it is done—how this big opportunity is to be presented to you; Beginning next Monday the Public Ledger will contain these movie coupons. They will appear in each issue. All you have to do is—
First—Clip the coupons.
Second—Exchange them for "MUTUAL MOVIE STAMPS."
Third—When you have 25 stamps pasted on a card which will be supplied to you for that purpose present them at your picture theater and enjoy the show. One card will entitle you to a five cent admission and two cards to a ten cent admission just the same as if you paid cash.
Now listen again:
These coupons are also redeemable for cash—for real money—or for merchandise or for valuable premiums. When you turn them in and get the stamps in exchange, the stamps can be converted into cash or merchandise or premiums on the same basis as they can be used for admission to the movies. Its the biggest thing any newspaper ever offered its readers and its all FREE. You read the Ledger every day anyhow. Just save the coupons and the Ledger will do the rest.
The "Mutual Movie Stamps" is the most convenient, most simple and most attractive trading stamp ever designed. Nothing like them has ever been seen in Maysville before.
When it is considered that they can be used for movie admissions for cash, for merchandise or for premiums the magnitude of the offer can be more readily appreciated.
Please listen again:
A large number of stores are going to co-operate with the Ledger in giving the people of this vicinity these stamps. The stamps given by these stores and the Ledger are interchangeable. By reason of this it is easy to accumulate a large quantity of the stamps. In many cases it is possible to supply the family's "movie" allowance entirely through the Ledger's coupons and the stamps received from purchases from stores. It is therefore to your interest to see that your merchants has them.
Beginning next Monday the Ledger will contain a coupon good for one MUTUAL MOVIE STAMP. Readers may clip these coupons each day, save them until you have enough to make it worth while then bring them to the Ledger office or to any merchant who handles Mutual Movie Stamps and exchange the coupons for the stamps.
Twenty-five stamps pasted on a card provided for the purpose is good for admission to any five cent picture show in Maysville. Two cards entitles you to a ten cent admission.
If you don't go to the movies be sure to clip the coupons and save the stamps anyway. For each card is worth five cents to you in cash, merchandise or premiums. A catalog of handsome and useful presents will be sent you on receipt of four cent postage.
Start to save today by getting the cards from the Ledger's office to paste the stamp on.

WILSON RAPPED BY AMERICAN FEDERATION
Baltimore, November 17—The American Federation of Labor, by a unanimous vote, today declared against that provision of President Wilson's legislative program "making illegal any railroad strike or lockout prior to the investigation of the merits of the case."
The committee's report which was adopted recommended that the convention "take an unequivocal position against compulsory institutions and in favor of the maintenance of institutions and opportunities for freedom."

BODY ARRIVES
The body of Harry Delaney, who was electrocuted in the Eddyville Penitentiary yesterday arrived this morning and will be buried in the Maysville cemetery. Delaney attacked a white woman several months ago at Oneta, Ky., and was sentenced to the electric chair. The prison authorities shipped the body here in accordance with the wishes of the man's father. Mr. Thomas Higgins of the firm of Higgins, Slatery and Dwire was present at the electrocution and prepared the body for burial.

A SINGLE PRESIDENTIAL TERM

The New York Herald, commenting on the election, says that sentiment should be strengthened in favor of a single presidential term of six or seven years. There are very good reasons for this view. It would give assurance of a longer stretch of settled policy and freedom from party agitation and turmoil which operate to unsettle business. It would make the chief executive free from the charge of using the prestige of his office to secure a reelection—a charge which tends to weaken respect for the office itself. It would put the candidates for president on a fair and equal footing with the people.

No one can contend that a contest is perfectly fair with incumbent able to wield the great advantage of possession against a candidate who seeks power. It makes it an uphill fight for the man outside over and above the real issues involved. It handicaps him where he should have an equal show in the running. Many votes are cast for a president standing for reelection merely because he is president and not on the merits of his policies. They are influenced by the dignity and power of the office. A single term would eliminate all this and leave the popular decision much less free from impeachment as the unprejudiced choice of the people.

Four years ago Woodrow Wilson made the race for the presidency on a platform which contained a plank favoring one presidential term of four years. But from the time he assumed office he has been charged with devising ways and means to secure a second term. No man who has ever occupied the presidency has played the political game more statesly than President Wilson. He has well earned the title, "The Master Politician of the White House." Thus far in his presidential career, in the opinion of many, this is his principal title to distinction and it will take more than this if he is to go into history as a great executive.

A Paris newspaper has already suggested that President Wilson's course may be firmer from now on. Why firmer? Very evidently because his second term will complete his tenure of the presidency and he will be free to act on his judgment without any thought of promoting his ambition for power or without any fear of being so charged. Furthermore he must realize that his supreme test is yet to come and that his place in history will be determined by his record during the next four years.

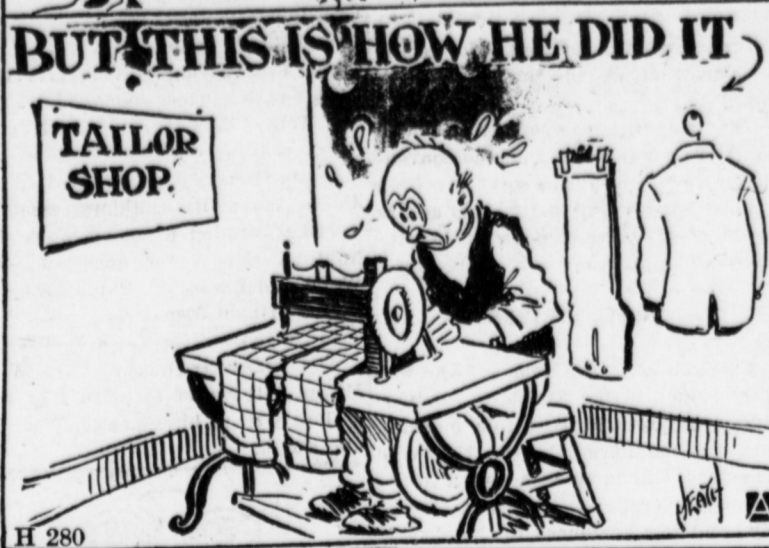

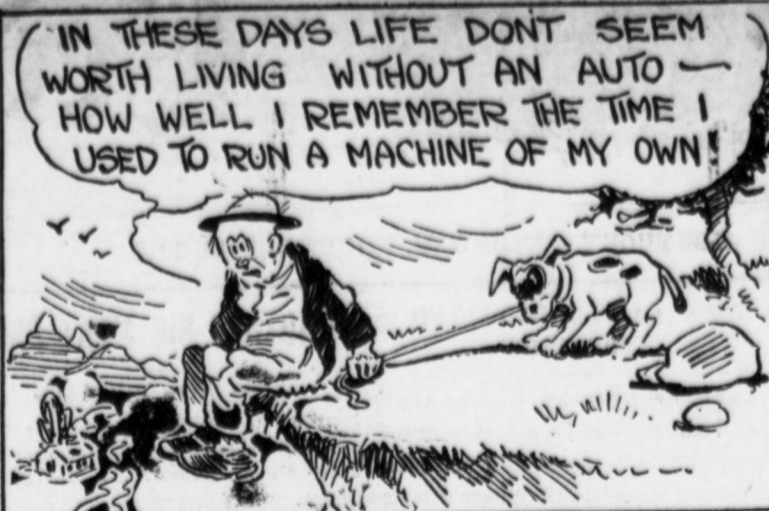

President Wilson is not the only chief executive who has been charged with playing politics during his first term. All presidents have come under this condemnation, sometimes no doubt unjustly, and this is all the greater reason why the temptation should be removed and likewise the opportunity for making such accusations.

A single presidential term of six or seven years undoubtedly would mean much to the peace and repose of the country and would place a wholesome restraint upon inordinate personal ambition, which too often is sought to be gratified at the expense of the best interests of the people. The declaration for a single term by a political party thus far has amounted to nothing against the emergencies of a campaign year. Under present provisions a president elected for one term is almost certain to be counted as the most available candidate of his party for the succession. But in view of the temptation to use the power and prestige of the office to influence the verdict of the people and in view of the charges to that effect that are almost certain to be made, it is altogether probable that the people of the United States would favor the single presidential term and would be gratified to see a provision establishing it incorporated into the constitution.

AMERICAN CAPITAL IN CHINA

Ordinarily the personal column of a newspaper has very little economic significance, but an exception to the rule is seen in the case of a personal found in the columns of a newspaper at Corvallis, Oregon. The reporter who picks up squibs around town recorded the fact that Mrs. J. H. Gilby, of Chicago, was visiting relatives in Corvallis while on her way to Shanghai, China, where her husband is manager of the Amos Bird Company, freezers of eggs. Standing by itself that little personal item meant very little, but to one who thoughtfully considers its significance, it means much. Mr. Gilby went from Chicago, in the heart of one of the largest agricultural sections of the United States, to Shanghai, China, to engage in freezing Chinese eggs to be shipped to America to be sold in competition with the eggs produced by his former neighbors in Wisconsin, Illinois, Iowa, Indiana, Michigan, and all that agricultural territory tributary to the central metropolis. It was the removal of the tariff on eggs that made it possible for the Chinese producer to sell his products in the United States. The removal of that tariff also induced the Amos Bird Company to take its good American money over to China to invest in the egg freezing business. Thus the Underwood law encouraged the development of Chinese industry and discouraged the farmers of the United States who sometimes find it difficult to get a profitable price for eggs, notwithstanding the high price the consumer usually pays, and is now paying.

Although Congress was so anxious to get work started on the new battleships it authorized this year that it provided that the Secretary of the Navy could add a bonus of 20 per cent of the cost for speed, Secretary Daniels is holding up the plans for their construction and it is predicted by naval officers that it will be far into the next administration before the keel of a single battleship is laid. Congress appropriated \$6,000,000 to make certain government navy yards ready to build these ships, because of the crowded condition of the private yards, but Daniels has held this work up entirely. Not a hand has been turned toward preparing the navy yards for the big task.—Pittsburg Gazette Times.

EXPLOSION ON RUSSIA AMMUNITION STEAMER IS REPORTED TO HAVE KILLED 130 PERSONS AND INJURED 650

London, November 16.—The Stockholm newspaper, Afton Tidningen says that some days ago an explosion occurred on board the Russian ammunition steamer Baron Brezenl at the Russian seaport of Archangel, causing the death of 150 persons and the wounding of 650 others, according to a dispatch from the Swedish capital to the Exchange Telegraph Company.

Lawton, Oklahoma, November 16.—President Wilson's Thanksgiving turkey will come from Oklahoma instead of Kentucky this year. A twenty-five-pound bird, the finest that could be found in the State, today was shipped to the White House by George H. Block, a Lawton hotel man.

WOMAN AIR PILOT PLANS NON-STOP FLIGHT BETWEEN CHICAGO AND NEW YORK

Chicago, November 16.—Ruth Law, New York aviatrix, will attempt to fly from Chicago to New York in one day, she announced here today. Victor Carlstrom recently failed in a similar attempt. Miss Law began setting up her machine today. The date of her departure will be contingent upon weather conditions.

GREATEST SEASON

Of Grand Opera in the History of Cincinnati Begins Thanksgiving Day at Music Hall.

With every preliminary indication of increased public interest and higher artistic standards, Cincinnati's musical season will soon come into full swing when the new Interstate Opera Company begins the premiere season of its existence—a season that is to continue the present year for six weeks only in each of the cities of Cincinnati, Pittsburgh, Detroit and Cleveland with performances here at Music Hall both afternoon and evening, on five consecutive Thursdays starting with Thanksgiving Day November 30, December 7, 14, 21 and January 4, and presenting a standard repertoire, punctuated and illuminated by a number of novelties and revivals in opera and ballet well calculated to enhance the growing interest of the people in the uncommon enterprise of this new organization under the local management of Mr. Mark Byron, Jr.

The Cincinnati season of the Interstate Opera begins like that of the Metropolitan Opera of New York with an elaborate presentation of Bisset's "Les Pêcheurs de Perles" (The Pearl Fishers) at the afternoon performance,—an opera absolutely unknown to our opera going public, except those who had the fortune to see the two acts presented at a matinee performance given twenty years ago in New York, when Emma Calve appeared as the pretty Ceylonese maiden, Lella.

Mr. Gatti-Casazza, General Director of the Metropolitan Opera Company esteems the opera highly, and recalls his earlier days as impresario of his home city, Ferrara, when he produced it there to the great enjoyment of a fastidious public.

"I don't know what others may think," said he the day of its revival at New York, "but for me the first act of 'Les Pêcheurs de Perles' has not been surpassed by any French composer."

Everything possible has been done to present the Bisset opera to the fullest advantage. Mile. Yvonne de Treville, who has scored success upon success with the opera when presented at the Opera Comique, Paris, will sing the role of Lella. Mischia Leon and Roberto Viglione will renew their youth as Nadir and Zurga. The High Priest Nourabad, will be given to Henry Weldon a superb basso. The chorus has been admirably trained by Mr. Mario Marti and the mise-on-scene arranged by Mr. Loomis Taylor, the former technical stage director of the Metropolitan and Chicago, Grand Opera. M. Emile de Recat and Mile. Lilli Lenore will lead the corps de ballet, the music for which was originally composed by Bisset for "Nec", the opera by his father-in-law, Halevy, which he undertook to complete. The scenery for the opera was painted by Joseph Urban, considered today, the master mind in all concerning stage decoration. The general preparation of the opera has been in charge of the Chevalier Oscar Spireseue, who will also conduct the orchestra.

For the evening's performance Wagner's magnificent work "Tristan und Isolde" will be given with the following galaxy of Wagnerian singers,—a cast of so superlative a character that it challenges even the Metropolitan or Chicago, Opera companies to produce its equal.

Tristan Karl Jörn
Isolde Johanna Gadski
Konig Marke Henri Scotti
Brangane Eleonora de Cisneros
Kurwenal Franz Egenieff
Melot Graham Marr
Ein Hirt Henri LaBonte
Seaman Allen Hincley

Conductor—Ernest Enoch
Both occasions promise to be brilliant social events as well as artistic triumphs, and despite the fact that grand opera has increased even to greater proportion than the cost of food and clothing, Manager Byron was optimistic yesterday that the season of the new Interstate Opera will be a financial success.

LONG WORKING HOURS BLAMED BY WITNESS FOR INTemperance AMONG SWITCHMEN

New York, November 16—Long working hours of switchmen employed in the Buffalo yards of the New York Central are responsible to a large extent for intemperance among the men, according to F. L. Eggleston, yard conductor, who resumed his testimony today before the Board of Arbitration appointed to settle the controversy between 5,500 men of the switchmen's union and 13 railroads.

Eggleston declared in his opinion many of the switchmen are led to drink through fatigue, or because they do not get the recreation they might enjoy with shorter hours, and thus seek sociability in saloons. He said an eight-hour day would decrease the evil.

George Baxter, of Scranton, a switchman for the Delaware, Lackawanna and Western Railroad, asserted few of the men in the Scranton yard make overtime. They usually finish work in 10 hours, he said, and only in exceptional cases is there overtime. Baxter said the eight-hour period would be workable if certain changes were made.

The hearing will be continued tomorrow.

PASSENGERS TELL TRILLING TALES OF BIG SEA BATTLE

New York, November 16—Fifty passengers of the Cunard liner Andania arrived here today with thrilling stories of the naval battle between British and German destroyers near the Downs the night of October 26. The passengers had grand-stand seats for the battle.

The Andania left London on the 14, but anchored near the Downs when warnings were received that the Germans were near. Two nights later the battle was fought, and the flashes of the big guns could be plainly seen from the decks.

All during the night the firing continued, but by dawn all had disappeared and the vessel proceeded to Falmouth for coal. There, they said, they were informed the British lost eight trawlers, two destroyers and an empty transport in the battle.

The Andania ran into a terrific storm in mid-Atlantic, the worst, Captain Nelson said, he had seen in twenty-five years.

SPAIN JOINS IN RUSH TO SECURE MUNITIONS OF WAR IN THE UNITED STATES

New York, November 16—Spain has joined in the rush of nations buying military supplies in the United States. Whether King Alfonso is contemplating an active part in the closing stages of the present war, or is merely "preparing" the presence of several hundred tons of munitions on the Brooklyn water front consigned to the Spanish Military Commission indicates unusual activity in his army.

The Spanish liner Alicante lay at the pier at the foot of Degraw street today, surrounded by lighters loaded deep with cases labeled: "Barcelona, Spanish Military Commission."

In her hold were already packed away several machines, such as is used in American shell-making plants. No information on the subject could be obtained.

A TOM THUMB REPUBLIC

President Wilson recently had a letter from Andorra congratulating him upon his diplomatic victories and expressing a willingness to join in a peace conference, says the New Republic. As the White house has a good map, the President was not long in doubt as to the location of his warm admirer. Furthermore, the man thru his letter gave his word that Andorra was in the Pyrenees when he left. It is the Tom Thumb of all republics, having been inaccessible and independent since the time of Charlemagne. To be sure, there is a road leading up from Spain, but avalanches frequently fall upon it and sever relations between the two countries.

AN ACT OF KINDNESS

A Maysville Resident Speaks Publicly for the Benefit of Maysville People.

If you had suffered tortures from kidney trouble, Had experienced with different remedies without relief:

If you were finally cured through a friend's suggestion— Wouldn't you be grateful?

The following statement has been given under just such circumstances: Mr. Gallenstein has used Doan's Kidney Pills.

He publicly tells of the benefit he has received.

His simple act of kindness to other Maysville sufferers.

No need to experiment with such convincing evidence at hand. Mr. Gallenstein speaks from experience.

You can rely on what he tells you. Henry Gallenstein, blacksmith, Poplar St., Maysville, says: "Doan's Kidney Pills are the best of kidney medicines. I have used different kinds and no other has ever equalled this one. When my kidneys were out of order and I had pain in my back, I used Doan's Kidney Pills. They stopped the pains and strengthened my kidneys. The cure has been permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gallenstein had. Foster-Milburn Co., Props., Buffalo, N. Y.

STRIKE MENACE REMOTE TO MATTER WHAT HAPPENS TO ADAMSON LAW, UNION LEADER SAYS

New York, November 16—George H. Sines, Vice President of the Brotherhood of Railroad Trainmen, in a statement made here today, said a railroad strike is a remote possibility, no matter what happens to the Adamson eight-hour law. The brotherhood leaders, he declared, have not even considered calling a strike as an answer to the injunction proceedings by the railroads.

"I don't think there is anything in the constitution of any of the brotherhoods allowing a strike during injunction proceedings," said Mr. Sines. "If the Supreme Court decides the Adamson law is unconstitutional the brotherhoods will be right back where they were before the law was passed."

"I doubt if the Court decision would revive the strike vote taken by the brotherhoods. In all probability, although I cannot say for a certainty that it is so, the unions would have to take a new vote on a strike."

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mr. Alry, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it. Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui today. You won't regret it. All druggists.

CONCERNING THE VENUS OF ARBOR DAY IN SPAIN IN FUTURE

By royal order the celebration of Arbor day has been made obligatory in every township and municipality in Spain, and tree-planting is to be carried on upon a more extensive scale than heretofore.

New airbrakes that have been adopted by a large eastern railroad reduce by 600 feet or more the distance in which a heavy train running at 60 miles an hour can be stopped.

New York receives weekly from 125 to 175 carloads of chickens, averaging 20,000 pounds to the car.

There are at present more than 1,500 Esperanto societies in the world.

FARMERS, TAKE NOTICE!

We have just received a supply of coal fresh from the mines and are prepared to deliver your coal right at your coal house, provided you live where we can go with a motor truck. We will haul your wheat to town for you and only charge you what it is actually worth. Yours for business,

LARGE AUDIENCE

Delighted by the Chicago Orchestral Choir in the High School Auditorium Last Night—Excellent Program Rendered.

The first number of the 1916-17 Lyceum Course was held in the High School last evening, when the Chicago Orchestral Choir gave a program. A large audience gathered to hear this company and were very enthusiastic over it. A greater part of the seats in the house were taken which encouraged the committee in charge of the entertainments very much. The Lyceum Course this year promises to be well attended.

Starting with the wind instruments the company played the overture from the "Poet and Peasant" by Suppe. After encores they switched to the stringed instruments, playing a fantasia from the "Calif of Bagdad." Mme. Helen Cafarelli, the piano accompanist and soprano vocal singer of the evening, sang "Leggero Invisible." A short intermission was then had, during which time Superintendent Caplinger made several announcements. The program was then resumed, the company alternating with the wind and string instruments. They closed their program with the "Sextet from Lucia de Lammermoor" a selection played possibly more often than any other on the lyceum platform.

The company was very generous with their encores and played a large variety, some popular, others semi-classical and still others "feature" selections. One selection played as an encore, "The Cat's Quartet," portrayed very skillfully a company of cats serenading on the back fence.

Mme. Helen Cafarelli, the soloist of the evening, had a very rich soprano voice and took the high notes as easily as the low ones. Her stage presence is the personification of ease and grace. She rapidly sang her way into the hearts of the audience and was met with vociferous applause when she had finished.

Mr. Jaroslav Cimer, the leader of the company, played a solo, one of his own compositions, the remainder of the choir accompanying him. His work as leader of the choir was brilliant.

The next number of the course will be George Colby, cartoonist. Mr. Colby will appear on the stage Monday, December 4th. Mr. Colby will undoubtedly draw a larger number of persons who are interested in cartoonists work.

FIRST BAPTIST CHURCH

Bible School at 9:30 a. m., Ben H. Greenlee, Superintendent. Primary Department separate from the main school, Mrs. H. C. Barnes, Superintendent. Organized classes will meet at 9:30 and have own opening exercises, meeting with main school at 10:15. Officers and Teachers' Meeting at 8:10 p. m. Thursday, Prof. W. J. Caplinger, Teacher.

The pastor will preach at 10:45 a. m. on "Faith's Power" and at 7 p. m. on "How to Sin." Don't fail to hear these short sermons. Only one hour services. Special music. Visitors made to feel at home.

Baptist Young Peoples Union at 6 p. m., President William B. Baldwin is leading to larger things. Section three will have charge of the program. The contest continues. The "Blues" scored again and the score stands 37 to 32 in their favor but the "Reds" are "at the bat" with a good batting eye.

DEUTSCHLAND

Collides With Tug Boat When Leaving New London Harbor and Sinks—Accident Was Said to Be Unavoidable—Five Drown.

New London, Conn., November 17—The collision which caused the merchant submarine Deutschland to abandon her return voyage to Germany almost at its outset early today when a conveying tug, the T. A. Scott, Jr., was sunk with a crew of five men, was the subject of Federal investigation this afternoon.

The United States inspectors of steam vessels headed by Captain W. E. Witte, heard through witnesses of the conditions under which the submarine slipped out of the harbor in the darkness so that she might submerge in neutral waters before day-break, and ran down the tug which was acting as her protector off Race Point, just outside this port. The testimony came from Captain Paul Koenig, of the Deutschland; from F. W. Krapohl, his chief officer, and from Hans Klose, his chief engineer. It was given in secret, but it became known through statements outside the chamber the collision was an accident.

The Deutschland's return will be delayed only a few days, estimated variously at from two days to a week, by the damages she sustained and not at all by the fact that inquiry is being made. Examination of her bow today, showed that three plates had been stored in to a degree described by some as a "hole" and others as "a dent." Her stem was twisted to starboard, but the general structure of the submarine was said to be firmly in place, notwithstanding the force of the impact which sent the tug to the bottom within a few moments.

The men of the T. A. Scott, Jr., had no chance for their lives. They went down imprisoned in the pilot house engine room or galley and undoubtedly were drowned at their posts. It is doubtful if their bodies will ever be recovered, although the T. A. Scott Wrecking Company, which owned the tug, was considering tonight an effort to raise the craft to obtain the bodies.

Tug Sinks at Once

The Deutschland had moved quietly out of her protected pier early this morning and slipped down the Thames River to the sound, under double convoy of tugs. She carried a cargo estimated at about \$2,000,000, composed principally of rubber and metal which Germany needs in the making of munitions of war.

To starboard was the T. A. Scott, Jr., slightly advanced and acting as pilot. The submarine, moving on the surface at a speed of about ten knots, was about 600 yards behind and half a mile astern. The tug Cassie followed as additional protection. Reaching the Race the several vessels slowed down to cross the eddying currents of the passage at slower speed. The tide runs swiftly through the Race and one of the currents apparently caught the tug unawares. This appeared to be so to Captain Koenig, who with Chief Officer Krapohl, was on the Deutschland deck. In the darkness, the T. A. Scott, Jr., was forced into the submarine's course. The collision resulted without discovery by anyone of its imminence and the tug sank almost at once.

The Deutschland was able to return to her docks unassisted and, in fact could have continued her voyage without great danger, according to one official who saw her today, as her damage did not extend below the light water line. Her repairs and her stay in port are surrounded by the same secrecy that marked the unloading of her cargo from Germany and the loading of the cargo which she is to take back. It is learned authoritatively today that the former was valued in excess of the \$10,000,000 set by Captain Koenig. This amount, it was said, would barely cover the value of the securities which she carried. Contrary to reports, the Deutschland will take no gold to Germany.

Death came to little Margaret Wheat daughter of Rev. and Mrs. C. E. Wheat at Sewanee, Tenn., on Thursday, November 16.

"Who planted that flower? Cried the gardener, as he walked through the garden." His fellow servants answered, "The Master!" And the gardener held his peace.

The precious babe who has gladdened the hearts of all who came within the radiance of her smile, little Margaret Wheat, has been transplanted.

The earthly garden in which she was growing so beautifully, tended so carefully, prayerfully and lovingly, is desolate.

The Master knew a fairer spot, where she could unfold even more perfectly, than in the care of His servants. He placed "Peggy" there. The heart of the community goes out in sympathy to the young parents in their first sorrow.

RECEIVERSHIP LIFTED

(Ripley Bee)

The receivership of the Ohio River & Columbus Railway Co., was lifted at the close of business, Monday night and Mr. C. J. Finger relieved of his duties as receiver.

The road will continue under the present management, and under the title of The Ohio River & Columbus Railroad Company.

The present management has worked hard to keep the road in good running order, and have succeeded in keeping it paying operating expenses. Ripley people will be pleased to know that the road will continue to operate.

BOWDEN

Mr. Richard A. Bowden, aged seventy, died at his home in Newport, Wednesday night, after a long illness. He is survived by his wife, one daughter, Miss Katherine Bowden, two sons, Mr. Vincent Bowden and Mr. Lawrence Bowden, all of Newport, and one sister, Miss Mary Bowden, of this city. The funeral was held in the Catholic Church in Newport yesterday morning and the body taken to Paris for burial.

OUR COLORED CITIZENS

By special request Dr. Hammond, pastor of Scott M. E. Church, will resume his regular preaching services on Sabbath mornings and evenings. Beginning with Sunday next he will give a series of sermons on Bible Holiness. What it is, How to Obtain it, How to Keep it, How to Use it. All christian people, and others who desire to become christians are cordially invited, and bring their Bibles. Services will begin promptly at 10:45 a. m. and 7:30 p. m.

The Teacher Training Class has been organized at Scott M. E. Church and is giving promise of filling a long felt want in this city. Rev. E. W. S. Hammond, the pastor, who has spent several years as the Dean of the Bible Training School of Walden University will have charge of the class, which will be open to all who desire thorough training in the knowledge of the Sacred Scripture. Meetings for the present will be held in the church on Friday evenings beginning at 6:30. It will be a great advantage to persons who desire to be in the class to begin now, so as to have the advantage of the full course of study.
